CHAPTER

Hello my name is Harry Garcias (my name sucks).
And I'm going on vacation, big deal. Well anyway I'll
think I might have fun!

I Grabbed my Game Boy and went out the door. I got into
the place where my sister (who was age 6) was crying .
" I DON'T WANT TO GO!" "Shut up please ." I said,
furiously. Then suddenly something was on the news: GHOST
GIRL FOUND IN MANZANITA CAMPGROUND.

I said " who is it ?" Just as it was going to say
something came on the screen. It isn't what i thought
it would be . Kid friendly forget about that.

It was someone creepy ,had no

face, but had white eyes. It was glitching . "I'm
w@rn!ng y0u ,d0n't g0 t0 the f0re\$t, if y0u d0 WEndig0
will a99ear!" the weird thing said "But it always
comes out at Midnight " My heart was pounding out of
my chest.

I have to tell my mom and dad IMMEDIATELY. "MOM DAD!"

"THERE'S SOMETHING I NEED TO TELL YOU !" "Calm down son, what is it ?" " We can't go Camping ! (because of the Thing we saw)" " Yeah we CAN'T go !" My sister cried , but it was too late . My mom told us to get in the car. *The suspense has started* I Thought. I never thought this would happen especially in 1989 , Arizona , Phoenix. I bought a pocket knife and some ruffles (a big bag to last me 5 hours). I got in the car and read . I was reading X-Men for at least 50 min. Then I drifted off to sleep . When we got there it was 3:32, it was super hot. It's *100 degrees!* I thought . The Campsite was beautiful. The lake was sparkling , when the sun shined on it there was barely any clouds in the Sky . We set up our tent. I helped hold the tent so it doesn't fall while dad was putting the tent things in the holes so it stands up . When we finished we ate dinner. It was so good . (Ramen Aka Sopa Maruchan) I Slurped on the noodles while putting the whole bottle of hot sauce at the same time " *Harry para de poner mucha salsa!* Stop putting so much hot sauce. Oh my god ." I dranked the rest of the soup , then slammed the bowl on the table . My sister jumped , my baby brother too. I took 6 laps walking around the tent. "Mom I finished , now what do I do?!" I said. " Just clean the table mijo!" She yelled. "Ok Ma!" I cleaned the table , while my Mom and My Dad set up the campfire , I heard laughs and giggles. *what is she doing with him.* I thought. "Peek-a-boo!" My sister laughed. Just about when I was going to check on my Sister. I saw a long, slender and skinny figure.

It was coming towards me , and it was only 10:23 !
How could it happen? But it always comes out at
Midnight.I remembered.It came running towards me ! I
got out my pocket knife.But then I remembered if it

comes out at midnight ,then it can't be real But then I couldn't be real right?I couldn't see it any more."Ohh" a groan let out .Something drooly was on my head.I checked with my hands "Saliva?!" Something sharp punctured my skin.I turned so fast that I barely got a glimpse of what was behind me "WAHH!!" Something Big with brown fur and deer horns on his head and his face looked like a dead wolf. I started to run to the fire because if I ran to the tent the monster would rip it to shreds and the bonus will be that they will see it with the light and they will believe me . I ran as fast as I could.The monster kept following me." MOM! DAD! SISTER ! BROTHER! There is a monster behind me!!" when they checked they screamed. "AHHH!!!" "What in da world is going on in here!" a camp neighbor said. "AHH A WENDIGO!!" What?I Thought.I moved my arms to run but it grabbed me.He threw me to a boulder , I tried to run but I was 30 feet high!The so-called wendigo got on the boulder.Then he pushed me off the boulder , it was all going to end.
